

Saturn1000 for Single Tag

High performance 300DPI thermal transfer printer

Saturn1000

1 color on the face

Deformed Tag compatible

Saturn1000 4 main features

1

High Productivity

Maximum printing speed 200mm/sec.

2

Excellent cost performance

Equipped with automatic ribbon saving function

3

Various applications

Compatible with various tags

4

Label Design

Compatible with label design software "Nice Labe"

Main Specifications

Saturn1000

Model	JPS-1000
Printing Method	Thermal Transfer Dot Matrix
Printing Density	12dots/mm (300dpi)
Printing Speed	80 to 200 mm/second
Printing Width	Max. 64mm
Printing Length	50 to 300mm
Number of Print Head	1 Head
Interface	USB2.0
